PARISIAN POPPY SECURES THE WIN AT HAWKES BAY

Parisian Poppy is really stamping her mark as a filly with the will to win. She isn't a big filly but is strong in stature and in heart. She got her well deserved win in the Maiden Fillies and Mares 1400 mtr race at Hawkes Bay on the 21st February. It was a daring ride by Lisa Allpress settling back after the jump then setting her alight to loop the field and eye ball the leader with 600 mtrs to go. She really had to dig deep to kick again and grind down Sunlit Lane who had kicked well clear turning for home and wasn't going to lay down. She just managed to hold off the fast finishing Flickering Shadow to nab the win by a head. Poppy pulled up really well and will now be aimed at the NZB Airfrieght Listed Stakes over 1600 mtrs at Riccarton Park on the 10th April. She may have a lead up race on the 20th March at Trentham #GoPoppyGo

TURN ME LOOSE X MADAMOISELLE

In a nail biting auction on Gavelhouse.plus I managed to secure Poppy's little sister by Turn Me Loose and we are hoping like the lyrics of the song go that she was **born to run**just like her sister! I managed to secure her for what I believe was a very good price at \$10,500 plus GST. Each success Parisian Poppy has adds to her pedigree page as well and makes her look like an even better buy.

Most of the shares in her have been snapped up but if you are interested I still have a few left. The price is \$1863.75 per 5% share this includes the purchase and all expenses up until February 2022.

COLORADO STAR.....MR CONSISTENT

Colorado Star aka Fluffy never fails to impress he is a very exciting horse with an unmeasured amount of ability. He is still green and managing to push Open Class horses to the line. He took out the John Turkington Forestry Duro Cup at Trentham on the 30th January. A race that has always been an ear mark of a good horse. He then had a short let up and came back to race over 1400mtrs in Open Class company at Hawkes Bay on the 3rd of March. He was stuck on the fence in behind the winner with know where to go until Leah managed to push him through a gap on the fence when Vigor Winner rolled off slightly, he then got to within a neck of the winner . It was obvious to see that if the gap had opened up for him a little sooner he had this race won. One of the good things gained from this race was the experience of being in tight quarters and having to take small gaps, something up until now he hasn't yet had to do. When you are racing against more experienced horses they race alot tighter and hug the rail just that bit more, the chance of something rolling off the fence to hand up a run is a little less likely , with experience comes the polish of a good racehorse. Colorado Star will be catching the ferry with Parisian Poppy to take on the Listed Christchurch Casino Easter Cup over 1600 mtrs on April 10th. #GoFluffyGo #GotheFluff 10 starts for 3 wins 4 seconds 1 third and 2 fourths

VALHALLA RISING

Valhalla Rising aka Flash has just returned to the stables after a spell and lets hope he can rise up out of the wetter tracks and show us that ability he had in his earlier jumpouts and trials . He has done really well during his spell and is heading back in very good order. His impressive trials and jumpouts were all run on rain affected tracks and he will strike them to his liking this time in.

ZAMBEZI LASS

Zambezi Lass aka Nally had a few growing pains so she was sent out for a spell at my property on Jackeytown Road. It is hard to be patient but this is what this filly needs and the time she is given now to mature will pay off ten fold in the future. She is a very athletic type that just oozes natural ability and once her frame is fully furnished she will really shine. Zambezi Lass is a real eye catcher

VORALTO

Voralto has managed to secure herself one last chance at raceday sucess this Saturday 6th March at Awapuni. She is going into this race as well as she has ever been and will be ridden by a Michael McNab. Voralto galloped really well this week and will have the blinkers off for this run. Fingers crossed she puts her right foot forward and earns her place to carry on raceday.

KHALFANI

Khalfani aka Nifty is on track to having a good campaign this time in. She has really matured behavioral wise which really needed to happen as some of her earlier acts were quite the eye opener. She is looking good and working well we are just keeping her ticking along and waiting for the rain to start. Khalfani is a horse that needs the sting out of the track and tends to jar up on the hard surfaces. I really think she will start putting a few wins under her belt this time in, she has shown plenty of ability it was more her lack of self control that was holding her back earlier on . But now that she seems to have grown up mentally and physically she should be able to put everything together on raceday to seal the deal.

BETTER DAYS

Better Days aka Betty has been making headlines in the weekly track work blog and is ready to have a jumpout or trial. Following this all going well she will be making her raceday debut. Better Days is a horse that shows a lot of natural ability so it is just a matter of fine tuning her fitness and education and we should see her in the winning stall on raceday very soon. Betty has a big attitude she is a professional with a rider on her back but is a control freak with a no holds bard attitude on the ground she really could not care less if you get in her way she will move you one way or the other with no remorse if she has to use excessive force. Her attitude is all part of her ability and will take her far.

DARCI BRAHMA X INTRODUCTION COLT

The Darci Brahma x Introduction yearling colt has just finished his initial breaking in at Milton Park in Bulls. Gareth Baird said he is a willing horse that had been a little cheeky but nothing bad and has handled everything in his stride so far. He has had him standing in and walking through the starting gates with no issues. He will now have a 6 to 8 week break in the paddock before doing three weeks pre-training with Gareth then heading into the racing stables to further his education. The plan is to have him up and ready to go for the early two year old races. I have a small percentage left in him if anyone is interested the costs are \$3800 per 5% share this includes the purchase and all costs up until October 21
